

POSSIBLE CHANGES TO REGULATIONS FOR COMMERCIAL LICENSE TARGETS

Commercial license targets need to be adjusted based on unlimited tidal fish licenses (UTFL) that were downgraded during the 2016/2017 license year.

9 individuals downgraded their UTFL. Therefore, the UTFL number will be decreased by 9 and other authorizations (FGR, FIN, CB3, CLM, OYH, ODB, and CTL) will be increased by 9 each.
